Honey Moon Bliss

3 hours

Although the wedding day is one of the most special days of your life, it can be a stressful affair. This three-hour Honey Moon spa celebration focuses on melting away any stress and tension. And bringing you to a state of "Honey Mooner Bliss"

The treatment is carried out in one of our beautifully decorated couples room and begins with an aromatic footbath using tropical flowers and herbal bath salts. Then you will receive a 1 hr flowing massage, using our own special blend of aromatherapy massage oils.

Shiro dara begins with a mind-soothing Indian head, scalp, neck and shoulder massage to help melt away any tensions or stress. Your therapist will then massage and nurture the vital energy points to stimulate and energize the body system. Allow yourselves to totally relax when a golden stream of specially blended, warmed, medicated oils is poured continually over your third chakra.

Next, our therapists will give you a hair cream bath in the salon while enjoying a refreshing ice lemon tea. Finally, you will have a beautiful rose petal and frangipani bath. A truly romantic and blissful day of pampering

Vanilla and Coffee Blend

Stimulate your senses in the company of your beloved with this beautiful ombination of coffee and Vanilla;

The treatment takes place in one of our lavish couple-rooms and begins with a relaxing massage using specially blended Balinese oil. Our therapists will then continue with a cleansing facial using natural products specially created for your skin type.

Then prepare yourselves for the awakening aroma and rhythmic sensation of a full body coffee exfoliating scrub that will leave your skin revitalized and glowing.

To conclude this treatment, relax in our bath, infused with vanilla blended bath salts and scattered flowers of rose petals and frangipani while enjoying a freshly made herbal tea.

A real treat and time out for the newly wedded couple.
